

Piney Island Builders, Inc.
29 Broad Street
Berlin, MD 21811

Dear Duane and Paula;

I am writing you and your company (Piney Island Builders Inc.) this letter of thanks for the 100% cooperation you gave me in the past 18 years I worked for Worcester County Planning, Review and Permits Department as a Certified Commercial Building Inspector, Certified Residential Building Inspector and Certified Commercial Plans Reviewer II # 5174400 with the International Code Council.

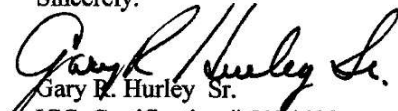

Your Company always built your many projects in EXCESS of the Minimum standards of the BOCA & CABO codes. Your Company also continued to EXCEED the code requirements under the IRC & IBC.

Again I want to express what great Subcontractors you had and especially ROBIN and JULIE in your office who seem to keep all going great and had all the necessary paper work in order at all Final inspections.

I want to wish you and Paula the continuing success in the future that you have achieved in the past due to your Company's OUTSTANDING QUALITY of Building Practices.

Shirley and I have purchased a home in Winterville, NC and plan to move as soon as we can sell our home in Oyster Harbor. Soon We Hope... Will let you know when we move and give you a phone and address.

Sincerely:

Gary R. Hurley Sr.
ICC Certification # 5174400
